CALIFORNIA OIL INVESTMENTS.

\$1000 invested in the stock of the Claremont only a comparatively short time ago is returning \$1598 in dividends, and the shares can now be sold for \$13.653. This is one of the many instances we can cite you where large returns have been made in oil stocks.

The officers of the Lincoln Mortgage & Loan Co. make frequent trips through the oil fields to inform themselves at first hand of the condition of properties whose stock they offer to the public. They are the largest dealers in oil stocks in California.

A branch office has been established here for the accommodation of their many clients on these islands, who are now able to make their purchases of oil stocks in Honolulu.

Of the active low-priced stocks we recommend the immediate purchase of shares of the Ventura Oil Development Co. at 15c. each. The progress of this company has been very rapid and its present outlook indicates a quick advance in the price of these shares in the near future.

This stock offers an excellent opportunity for the small investor to make large profits. Take your shares now. It is your opportunity. Your fortune. Buy without delay.
